

1850 Federal Census with Notes Forsythe County, GA

1850 Census of Forsyth Co., GA (Dwellings 1 thru 300)

The Year of Birth is based on the age given in 1850. These are NOT PROVEN birth dates.

I have included marriages that occurred in Forsyth and other Counties that I believe are probable Families based on the the names of the Bride & Groom, their ages, location, and date first child was born. It is there for 3 reasons: 1) It may be the correct family, 2) It may be a relative, 3) It verifies the Surname spelling used by the Census taker. DO NOT take this as fact, only a tool in your research. This Document has not been verified or edited by an independent source and may contain errors or omissions.

I would like to share information with anybody who is working on the BENNETT family and related families in SC and Georgia.
